# LEARN MORE ABOUT OUR PROGRAMS AND SERVICES!

For more info visit [WVNHF.org](http://WVNHF.org) or contact us at [wvinfo@hemophilia.org](mailto:wvinfo@hemophilia.org) or 304-212-2616.

## Emergency Financial Assistance

If you have an emergency, or are unable to pay for necessities, the chapter has a program that can help. This includes paying for hospital stays, travel assistance to get to appointments, bills and rent, etc.

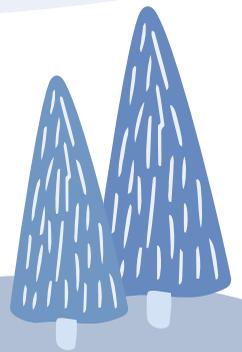

## Dental Program

The Dental Program provides financial assistance for dental care and locates dentists throughout the state who are willing and knowledgeable in treating people with bleeding disorders.

## MedicAlert Jewelry

It's important for first responders to know of your bleeding disorder status in case of an emergency. The chapter provides free medical IDs.

## Women & Girls

We've recently started a program for women, girls, and people with the potential to menstruate that includes special events, a monthly newsletter, and will have a women's retreat in 2023.

## Virtual Connectivity iPad Program

We still have free iPads available for people who live in the following counties: Boone, Cabell, Kanawha, Lincoln, Logan, Mason, Mingo, Putnam, or Wayne.

You can support these programs! Your donation helps keep the doors open and makes programs possible for members of the bleeding disorders community throughout West Virginia.

# LOOKING FOR A NEW YEAR'S RESOLUTION?

Start with your smile!

The Dental Program is more than just financial assistance to help cover the cost of appointments and procedures. We're streamlining the process to make finding a dentist and getting treated even easier. Learn more below.

## How We Work With Dentists:

- Recruit dentists who want to work with the bleeding disorders community.
- Provide additional training on treating patients with bleeding disorders.
- Create resources to help dentists understand YOUR personal diagnosis.
- Help cover costs of procedures.

## Steps for YOU to Get Care:

- Check with your HTC for recommendations on dental offices.
- Fill out the "Info for Dentists" form on the WVNHF website (below) to give to the dentist.
- Get a check up to find out if you need work done.
- The dentist will work with the HTC to make a plan just for you.
- The chapter will help pay!

## Set Your Goals!

Use the tips to keep your teeth healthy on the next page and challenge yourself in the new year to improve your oral health. Remember that oral health really does affect overall health, especially if you have other risk factors.
